                     FYI on the X Window System

Status of this Memo

   This FYI RFC provides pointers to the published standards of the MIT
   X Consortium. This memo provides information for the Internet
   community. It does not specify any Internet standard. Distribution
   of this memo is unlimited.

The following documents are standards of the MIT X Consortium:

        X Window System Protocol
        X Version 11, Release 4
        Robert W. Scheifler

        Xlib - C Language X Interface
        X Version 11, Release 4

The following documents are draft standards of the MIT X Consortium.
To become standards, further "proof of concept" is required, in the
form of working implementations. The specifications may be subject
to incompatible changes if implementation efforts uncover significant
problems.

    PEX Protocol Specification
    Version 4.0P
    Randi J. Rost (editor)

    Extending X for Double-Buffering, Multi-Buffering, and Stereo
    Version 3.2
    Jeffrey Friedberg, Larry Seiler, Jeff Vroom

Standards and draft standards of the MIT X Consortium are generally
included in the MIT X software distribution. The distribution is
usually available via anonymous FTP from a variety of hosts around
the world. Questions about FTP sites for the current release can be
sent to xrequest@expo.lcs.mit.edu. The distribution can also be
ordered on tape from MIT for a nominal charge, contact:
